Vessel type	Rib Unlimited 600	Name		Price	Refer website
Location	Manly, QLD	Rego	XT570Q	Year	2015
Designer	Rib Unlimited, Norway	Builder	Alphaboat		
Hull	GRP, foam core with solid GRP transom, hand-laid laminate with DCPD resin, built under Det Norske Veritas (DNV) certification				
Deck	P&F hypalon tapered tube 5 chambers with foam sandwich deck. Solid stringers.				
LOA	6.1mm	LOD		Beam	2.3m
				Draft	0.45m
				Disp.	<1 tonne
General Comments	Built to DNV certification this Norwegian-designed sports RIB was first registered in 2015 . Featuring European Pennel & Flipo (P&F) Orca® hypalon tubes, in the latest tapered construction, this sports RIB is outstandingly well built – no wood used anywhere in construction! Capable of up to 40 knots, and rated for 9 passengers, yet so light it is easily towed behind a regular family car - this rig weighs under a tonne. New Honda outboard is economical (0.5L per NM) and still carries five years of transferrable warranty! Stored on a Seatrail braked gal trailer, first registered 2015 .				
Machinery					
Port engine details	Honda BF80 four-stroke outboard NEW 2015 – factory warranty til 2022!				
Port gearbox details					
Port engine hours	46				
Engine room	New Honda outboard installed 2015 with new Honda controls and cables Cruise comfortably at 20knots for 10LPH consumption and 120NM range. Electronic gauges with NMEA 2000 connectivity – fuel rate, fuel consumption, SOG etc. Fuel filter 12DC isolation switch				
Steering system	Hydrive hydraulic				
Propeller(s)	Solas stainless steel				
Bilge pumps	Electric – automatic / manual				
Fuel	60 litres	Water	n/a		

Deck equipment	Heavy duty cleats at bow and stern Waterproof self-draining bow locker Centre seating console new 2015, solid FRP – fuel tank and stowage under

Trailer	SeaTrail single axle all-galvanized brake-neck trailer first launched and registered 2015. All LED lighting. Disc brakes Fully rollered Webbing stop winch with safety chain Walkway on top for easy launching with dry feet!		

Summary

Designed by the company that created the RIBCAT – holder of the RIB speed record of 101.8 knots – the RIB 600 is a responsive, performance RIB that has been designed to withstand the extreme conditions and heavy seas of the North Sea in Europe. With very low weight and FRP foam sandwich construction the RIB 600 offers amazing acceleration and responsiveness. Owner opted for a new 80hp Honda which easily drives this vessel to speeds close to 40 knots, depending on prop and load, but with 100hp the RIB 600 could see off 45+ knots.

Many of today's popular RIBs look like an old gumboat, with their non-tapered, cheap-to-build tubes. But all RIB Unlimited boats feature tubes that taper to the bow, which give a sleek, dynamic shape and fine entry, despite the extra cost involved.

This outstanding vessel presents in near-new condition and still have 5+ years left on the motor warranty. Only very lightly used as a family getaway vessel, but has potential as a sailing school / rescue craft, diving, fishing or water-skiing. Bimini can be simply removed and a t-top fitted if needed.

Available to inspect in Manly QLD any time. Call Matthew Holliday on 0408 005 309 for more information.
